

Candidate Referral Scheme

As one of the leading multi-disciplinary recruitment firms in Asia Pacific, Pure Search has access to an unrivalled breadth of opportunities across the market.

We are proud that our exceptional service levels and market coverage is reflected in the fact that almost 30% of our candidates come to us as referrals.

To show our appreciation for a personal recommendation, we offer a candidate referral scheme. If you know someone who may benefit from our services, please contact one of our consultants for more information.
